

About

Since 1994, Allegheny Youth Development has combined traditional academic support with social and emotional learning in an out-of-school-time setting to help hundreds of North Side youth break the cycle of poverty, crime, and joblessness.

Opportunities

Academic Mentors

Tutor one, two, or three designated students throughout an entire public school grading period. AYD asks academic mentors to study with their students for 90-minute sessions at least twice a week. Students bring their own study materials and homework assigned by their teachers.

Recreation Volunteers

Teach or assist in AYD's free elective classes. Commitments usually range from nine to 18 weeks, with volunteers working two to four hours per week.

Support Volunteers

May serve in a wide range of capacities, including van drivers, office assistants, and custodial workers. This category offers the widest range of commitments and hours, although we do ask these volunteers to follow a set schedule.
